PINKSTON & HOBLITZELL, OREGON AND FOREST CITY, MO.

St. Louis

Is to have the same splendid passenger service from the Missouri river that Chicago now enjoys. The Burlington line will run from St. Louis to Denver, which, when completed will make this the most perfect train in the west. Both the morning and evening trains will be run solid between Denver and St. Louis. The train which now leaves Kansas City and St. Joseph in the evening, passing through the Burlington River Railroad, will be changed to the morning train, leaving St. Louis in the morning and arriving in St. Louis in the evening.

To passengers going to Denver and points west, these same trains offer many advantages. Leaving the K. C. St. J. & C. B. R. at Napier they take the Burlington & Missouri River Railroad to Denver, which is by far the best and shortest line between the Missouri river and the west.

He will thrive in shallow water and prefer warm to cold water. He was accompanied by his son, who will make the change as soon as the water supply will permit. He will then drain the large pond and remove the carp to the smaller one, which is now dry, having been drained a week or two. He is catching hundreds of cat fish and turning them into the creek.

The Kunkel Mill is now finished and in full operation. Mr. Lehman after running it one day at the rate of 80 barrels in 24 hours, and turning out as good grades of flour as could be made anywhere, with only 75 per cent of low grade, has gone to southwest Indiana to give his mill a trial run.

Prof. Wilbur Thorpe, who is instructing the Cornet Band at Turko, was here this week, visiting old friends and acquaintances. He was accompanied by Mr. L. Z. Emmert, a son of Tom Emmert, who will be remembered by many of our old citizens.

Many of our old citizens are making arrangements for our Orchestra to go up and assist them in a musical entertainment to be given by the Cornet Band at the residence of Mr. Thorpe on the 29th of this month. Following is what the Turko Avalanche has to say of our Orchestra: "The Turko Cornet Band is making arrangements to give a musical entertainment about the latter part of this month. The College Chapel has been secured for the band will be assisted by an Orchestra of ten pieces from Oregon. This Orchestra is said to be among the finest in the State. The object of the entertainment is for the benefit of the band boys, and since we have been assured by Prof. Thorpe that it will be the best musical treat of the season, we predict a large attendance."

Our Sunday school is in a very prosperous condition and we believe that we can truthfully say that it is among the largest and best schools in the county, and this we attribute to the active and earnest efforts of all who attend. From the superintendent to the smallest pupil, all have worked for the greatest good of the school. The assembly is very interesting. All are invited to attend.

Last Tuesday Courtland Gifford was so unfortunate as to meet with an accident that will make him limp for some time. While riding on a hay wagon his leg was caught between the hay frame and a stump that was concealed in the weeds, and was severely mangled, but no bones broken. Although his injury is very painful it is not to be considered dangerous.
